"Ms. Ross gave us a 17 of everyone in the class," said David. "I can't find mine. If I don't have my list, I won't know what names to put on the cards."

"Take 18 out and we'll look together," suggested Mom. They shook out all his books and 19 all the pockets in his bag, but no Christmas list. "Now I can't give out cards at school," David said sadly.

"Don't 20 so easily, said Mom. She took a piece of paper and asked him how many children are in his class. "Seventeen," answered David "I'll never 21 them all."

"Wait," said Mom, numbering the paper one to seventeen. "Now, who do you often play with?"

"Brian, Todd and John." She wrote down their 22. "And who sits in the first row in your classroom?" "Hmm...Angie, Jill and Brad." David tried to remember what his 23 looked like and who sat where, " And Rebecca, Travis and Erin in the second row." David's mom wrote as fast as she could.

Now, they had 24 names. Who had he missed? David thought hard.

"Why don't you write out the 25 that you have names for?" said Mom. "Maybe you'll think of the 26 name while you're writing."

David picked out a card. He 27 it and then put it into the envelope. He did this sixteen times. "28 is missing?" One more time he thought about who sat where in his classroom.

29 he said, "I know! I know who is missing from the list!"

"who?" said Mom.

"We forgot 30!" David said. "I'm going to wish me a Merry Christmas, too."

I have read plenty of articles about self-improvement these past few months, and most of them tell you that you need to wake up and keep positive (积极的). When you wake up, you need to think that something great is going to happen today, and that you are going to have a great day. This kind of positive attitude (态度) is supposed to change your whole day.

So this morning I woke up and decided to give it a whirl. The sun was shining brightly through my bedroom window, and it immediately gave me this warm feeling inside. I thought to myself, "Today is going to be a great day. One of the best days ever!" I got out of bed, took my morning shower and began to get dressed. I put on a pair of dress pants I have not worn in a while, followed by my dress shirt and that is when it began. I reached into my left pocket and pulled out what felt like some paper.

You know that feeling of finding a \$20 bill in your pants and it feels like free money? Because you forgot all about it and thought you never did?

I pulled out a \$100 bill and a \$50 bill in the same pocket. It seemed like the best thing that had happened to me these days. Yes, \$150 starts off my day! I'm sure if someone could have seen the smile on my face, they would have understood, I shouted in joy, with my poor dog looking at me like I was crazy!

Start your morning off thinking you are going to have the best day ever and you just might! I really want to know what will happen next.

34. _____ made the writer think in a positive way.

(你醒来的时候, 你需要想一想一天中将要发生的一些很棒的事情, 并且要想着自己会有一个很棒的一天), 这是作者学到的, 这天早上醒来他是要实践一下了, 故这个短语的意思可能是“试一试”, 故选 B。

答案: B

36. The underlined word "It" in Paragraph 4 refers to _____.

- A. finding money in the pocket

答案：A

37. What does the passage mainly tell us?

Do you use a calendar to help you organize your life? By listing what you need to do on any special day, you can make sure to keep all for your appointments and not worry whether you've forgotten something. Calendars are also useful for reminding (提醒) people what day a certain holiday is on and what days you might have off from work. Besides, they are used for planning fun things like vacations and outings.

A calendar is usually divided into twelve parts, and each one stands for m month with all the days laid out in a grid-like (网格状的) form. Most people use their mouths to talk, but do you know some people use their hands to speak? Some people who cannot hear use their hands to communicate messages to others. This is called sign language. These people make shapes with their fingers, movements with their hands, as well as different faces in order to talk to other people.

One way people speak with their hands is by making shapes for letters with their fingers. For example, if you make an "OK" sign with your thumb and finger, that is the shape for the letter "f" in American sign language. Each letter has a hand shape. This way people can spell words using their hands. For example, if you want to spell "fun", you need to make three shapes. First you make the shape for the letter "f", then the shape for the letter "u", and then the shape for the letter "n".

_____. If you move your hand from your nose to your chin (下巴), you can say "mother" in American sign language. Of course, you have to use the correct hand shape, too. That shape is like holding your hand open with all five fingers showing. If you move your hand from the top of your head to your chin, you can say "father". Again, you have to use the same hand shape that you used for "mother".

Finally, people can change their faces to communicate in a sign language. For example, if you want to ask a question, you need to make your eyebrows (眉毛) go up. You also need to move your head forward a little.

If you want to say "I do not know", you need to make your eyes smaller and make your eyebrows go down.

42. If you want to spell the word "nice", you need to make _____ hand shapes.

- A. one
- B. two
- C. three
- D. four

解析：句意：如果你想要拼写单词“nice”，你需要做出四个手型。原文“Each letter has a hand shape.”（每一个字母都有一个手型），所以四个字母的 nice 一词需要四个手型，故选 D。

答案：D

43. Which of the following can be put in the blank in Paragraph 3?

- A. People also need to learn sign language
- B. People also make hand shapes to communicate
- C. People also move their hands to talk in a sign language
- D. People also make different faces to express their meanings

解析：句意：下面哪一项可以被填入第三段的空格里？A.人们也需要学习符号语言。B.人们也需要做手型去交流。C.人们也移动他们的手部以用符号语言来交谈。D.人们也做出不同的脸型来表达含义。原文“If you move your hand from your nose to your chin(下巴), you can say "mother" in American sign language.”（如果你把手从鼻子移动到下巴，你可以用美国符号语言来表示“妈妈”），所以这里开始是在描述移动手部来进行的符号交流，选项 C 最贴近这句话，故选 C。

答案：C

44. You need to use your _____ to say "I do not know" in American sign language.

- A. eyes and eyebrows
- B. eyes and head
- C. hand and head
- D. fingers and eyes

解析：句意：在美国符号语言里，你需要使用你的眼睛和眉毛来说“我不知道”。A.眼睛和眉毛，B.眼睛和头，C.手和头，D.手指和眼睛。原文“If you want to say "I do not know", you need to make your eyes smaller and make your eyebrows go down.”（如果你想要表达“我不知道”，你需要眯起眼睛，让你的眉毛往下移动一点），所以用到的是眼睛和眉毛，故选 A。

答案：A

45. The purpose of the passage is to _____.

- A. help people know more about America
- B. introduce American sign language to readers
- C. teach readers how to make hand shapes
- D. encourage people to use more sign language

30. 句意：这篇文章的目的是向读者介绍美国符号语言。A.帮助人们更了解美国，B.向读者介绍美国符号语言，C.教会读者如何使用手型，D.鼓励人们使用更多的符号语言。读完全文，发现这篇文章的关键词是“sign language”，即符号语言，所以这篇文章的目的就是在介绍符号语言，ACD 过于片面，故选 B。

答案：B
