The washing includes a shampoo (洗发), rinse (冲洗) and blow-dry. Sales of the dog-washer are increasing. The machines save a lot of money for pet owners. However, it's bad news for pet hospitals because they are losing many customers.

The washing machine is very safe. Tests showed that dogs enjoyed the wash and were very happy when the blow-dryer started working. The makers of the machine say it's very safe and does not harm dogs in any way.

One dog-owner, Michiko Kobayashi, loves her new machine. She said her dog was happy, too. Michiko explained to the reporters, "Before I bought my washer, I only took my dog to the pet hospital a few times a year. Now, I wash her every week and she looks great. I also save a lot of money."

Step 4 Are there ways to make the money?

Ben agreed to wash the downstairs windows at \$2 each. So he got \$10 for himself.

Step 5 Can you get it cheaper?
