I arrived at my mother's home for our Saturday family dinner. The smells of food flew over from the kitchen. Mother was pulling out quilt after quilt from the boxes, proudly showing me their beauties. I knew they were all made herself. She was preparing for a quilt show on TV. When we began to fold and put them back into the boxes, I noticed something at the bottom of one box. I pulled it out. "What's this?" I asked.

"Oh?" Mom said, "That's Mama's quilt."

I spread the quilt. It looked as if a group of school children had made the pieces together.

"Grandmother made this?" I asked in surprise. My grandmother was a master at making quilts. This certainly didn't look like any of the quilts she had made.

“Yes, right before she died. I brought it home with me last year and made some changes,” Mom said, “I’m still working on it. See, this is what I’ve done so far.”

I looked at it more closely. She had made a line straight(直的). At the center of the quilt, she had *stitched* a piece of cloth with these words: “My mother made many quilts. She didn’t get all lines straight. But I think this is beautiful. I want to see it finished. Her last quilt.”

“Oh, this is so nice, Mom.” I said. I was sure now that by completing my grandmother’s quilt, my mother was honoring her own mother. I realized that I held in my hands a family treasure. It started with the loving hands of one woman, and continued with the loving hands of another.

Then it happened. One of the most beautiful gestures(姿态) I had ever seen in my life. There was a young man in front of me in the line who was also waiting to be served. I packed, and was ready to leave for my two-day trip. I had been busy with my work. I had made p\_\_\_\_\_ (73) for the trip for the last few days, and I expected to get r\_\_\_\_\_ (74) for several days. As I got into the car to leave, my mind flew to my kids.

How to keep in touch with your kids when you're busy or far away is a dilemma(两难的问题) many fathers have. Men like to focus special attention on one thing for a long p\_\_\_\_\_ (75), but this can lead to trouble. Moving from work to family isn't always an easy thing. And if you don't s\_\_\_\_\_ (76) your kids that you're thinking about them, they may think that you don't care.

As I started down the road, I suddenly stopped to t\_\_\_\_\_ (77) back to my house and wrote a short message on a c\_\_\_\_\_ (78) of cards to each of my children. I put each in a “secret” place where I knew they'd find it. When I called the next night, they both said e\_\_\_\_\_ (79), “Daddy, I got your card. When did you do that?”

I was moved when I heard these words. What I had never thought was that a small thing had a big influence on my kids. It proved(证明) that they were in my heart. And distance (距离) couldn't s\_\_\_\_\_ (80) them from their father. To my satisfaction, they feel “love” of their father. 答案：

### My Hobby

I like drawing. It does bring me happiness.

As a kid, I was keen on those lines and curves drawn on paper made into animals and scenes. It really could show beauty to people and express my feelings. And then I took a course so that I could get close to it and see it well. But at that time, I just did it for fun.

Years went by, I got into a long period of time filled with pressure in study. And I found it so good a way to relax. It did not any longer play an unimportant role in my living, but became my friend.

Since that time, I have felt it like a nice person deep in my heart who can talk with me with true words and make me happy with life. This is my hobby, not just a hobby, but also a true friend.
